## **User's Guide for Interactive Payment Yield Updating Module in Excel**

For questions and comments related to the University of Arkansas 2014 Farm Bill Interactive Modules contact Archie Flanders at 870-526-2199 ext. 108 or [aflanders@uaex.edu](mailto:aflanders@uaex.edu).

### **Example**

The worksheet for rice is an example with yield entered for each year the crop was planted during 2008-2012.

Clear a cell for any year the crop was not planted.  
Do not enter a 0.

The first rice worksheet has annual yields entered in lbs. The average is 6,980 lbs.  
The program multiplies this average by 0.90 to calculate the updated payment yield of 6,282 lbs.

Farms have the option of applying this updated payment yield or retaining existing payment yields.

Updated payment yields will only be applied for enrollment in PLC.

The second rice worksheet has annual yields entered in bu.

Use each crop worksheet similarly to calculate potential updated payment yields.

University of Arkansas, United States Department of Agriculture and County Governments Cooperating.

The Arkansas Cooperative Extension Service offers its programs to all eligible persons regardless of race, color, national origin, religion, gender, age, disability, marital or veteran status, or any other legally protected status, and is an Affirmative Action/Equal Opportunity Employer.
