Thank you for choosing to participate in SEEK and being willing to share your time with us. I am looking forward to the Nature Mapping class and am excited to be a part of this learning process. Please remember, many of our activities will take place outside, rain or shine, so dress accordingly!

**Planned Class Sessions:**

- Welcome/Intro
- Topography/Orienteering – Angela Chandler (Arkansas Geological Survey)
- Arkansas Wildlife – Jason Hooks (Arkansas Game and Fish Commission)
- GPS/GIS – Samuel Benjamin (U.S. Army Corps of Engineers)
- Arkansas Forestry – Steve Burgess (Arkansas Forestry Commission)/Climbing Tower
- Birding/Game Cameras/Soot Traps (Guest Speaker)
- Animal Identification/Survival Skills
- Erosion/Water Ecology (Bring water shoes!) (Guest Speaker)
- Bear Biologist Trip (Traveling to Designated Site) (Guest Speaker)
- Game Cameras/Data Entry/Presentation
- Digital Scavenger Hunt/High Ropes Course
- Graduation

**Instructor:**  Elise Snoddy

Please note, class offerings and timing are subject to change based upon availability of resources and other unforeseen factors.
